

CASEY ON A BAT STRUCK OUT IN STRANGE FLAT

Women Occupants Put Across
High Bawls and Three Police-
men Do Umpiring.

After dining not wisely but too well, Richard Casey walked unsteadily to the new elevator boy in the Poncia apartments, No. 27 West One Hundred and Twenty-fourth street, in the wee, sma' hours this morning and remarked, briefly and succinctly:

"Casey!"

The elevator boy looked over his list. At first he saw no Casey, nor was there anything there to inform him that Mr. Casey lodged on the fifth floor with a Mrs. Bussett.

He shook his head.

"Casey!" repeated Casey, stepping into the elevator.

The elevator boy looked at his list again. He had been wrong. On the sixth floor he perceived that there was a Miss Casey, who lived there with three other young women, all connected with Columbia University.

He carried Casey to the sixth floor.

Casey's key must have fitted the lock, for he entered the room and repaired to the room that he thought was his room, which, however, happened to be occupied by Miss Flora Hardie. Casey thought it was awfully funny that a strange lady should be in his room!

Amid screams and cries, Casey learned

the truth, and tried to explain. Superintendent Matthews came to his assistance, but Miss Hardie was furious, and called Police Officer Newman, Winter-halter and Hamilton.

Casey was arraigned to-day in the Harlem Court on a charge of disorderly conduct.

He's still trying to figure whether it's his fault, or the elevator boy's, or because life is one darned thing after another.

Fire Horses Crash Through Window.

Responding to an alarm of fire to-day the team of Engine No. 24 of the Fire Department at New Brighton, Richmond borough, swerved from the roadway of Richmond terrace to the sidewalk and crashed into the plate glass front of the saloon of Joe Dennis. One of the horses was so badly cut he had to be shot at once and the other may have to be killed. The fire was in the building at No. 53 Fifth street, New Brighton, occupied by the National Biscuit Company. About \$2,000 damage was done.

No Trouble to Rid The Skin of Hairs

(Sole's Dictum.)

Science is greatly interested in a powder known to druggists as delatone, the discovery of which is due to Professor von Kahlen. When a little is mixed with water to form a paste and applied to the hairy surface for two or three minutes, then rubbed off, you will find the hairs are gone. This way of ridding the skin's surface of superfluous growth is fast gaining popularity because of the absence of pain.

Delatone is especially valuable because of its antiseptic qualities and for the reason that rarely is the second application necessary. While delatone costs a dollar an ounce, it is worth several times its cost to rid the skin of objectionable hairs.—Advt.

BOY DEAD, MAN DYING FROM ESCAPING GAS.

Krauth Turns Off the Gas Before
Retiring, but Accidentally
Turns It On Again.

Albert Krauth, a porter at the Turn Hall at No. 1261 Lexington avenue, accidentally turned on the gas in his room over the hall early to-day and the escaping gas killed a young man who was sleeping in the same room. Krauth himself is in the Presbyterian Hospital, and the doctors say he will probably die.

No one at the place knew the name of

the boy. He came to the place about two weeks ago and was employed as a porter. He was allowed to sleep in Krauth's room. About 10 o'clock last night the boy went to bed. Krauth came in early in the morning and turned off the gas preparatory to retiring. By accident he turned the gas on again. He, too, went to sleep. Quite a while afterward John Dipe, another porter at the place, smelled gas and traced it to Krauth's room. He found both of the occupants of the room unconscious.

Five Dollars a Share on Oil.
The Standard Oil Company of New Jersey (the parent company) to-day declared a dividend of five dollars a share, payable March 15, to stockholders of record Feb. 15.

BIG WINDSTORM COMING. No Great Change in Temperature Is Expected, However.

A big northeast blow is headed this way and due to arrive to-night. At 10 o'clock to-day northeast storm warnings were run up on the flagstaff on the Whitehall Building. Washington at the same time ordered warnings displayed as far north as Portsmouth. The worst of the gale will be felt at sea between the Gulf of St. Lawrence and Bermuda. The suction which is creating the storm was at its greatest along the North Carolina coast when the signals were displayed. Reports from the South tell of heavy rainfall accom-

SIX MEN ARE KILLED WHEN TRAIN CRASHES THROUGH ROOF OF BANK.

Others Injured as Huge Mass Rolls
Down Embankment and

SALT LAKE, Utah, Feb. 15.—Six men were killed and several injured early to-day when a locomotive hauling an ore train at Bingham, Utah, left the track and rolled down a hill, crashing through the roof of the Bingham State Bank.

Doctors Use This for Eczema

Dr. Evans, ex-Commissioner of Health says: "Eczema is a skin disease. The skin must be cured through the skin. The germs must be washed out, and so salves have long been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D. D. D. Prescription for Eczema. Dr. Holmes, the well-known skin specialist, writes: "I am convinced that the D. D. D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D. D. D. remedy for years." It will take away the itch the instant you apply it. A 25c bottle proves it. So certain is D. D. D. to reach you that it will cost you nothing if the very first full-size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in on your druggist and investigate the merits of D. D. D. anyway. He has investigated and he knows that D. D. D. will help you.

GIMBELS

3000 Men's Fine NEW SHIRTS At \$1.15--\$1.50 and \$2 Grades

Intended for the man who is "choosy" about the shirts he buys—in the patterns, the quality and making; and likes to have a full range of sizes and sleeve lengths to pick from. In other words, the man who usually buys his shirts from regular stock, but does not scorn a saving.

We found a maker with too much material on hand. Had him make the shirts up for us—our way—in full size-ranges. Ordinarily we should sell them at \$1.50 and \$2—but we don't need to.

They are of fine percale or Jacquard-figured madras, with plain or plaited bosoms, with a fine variety of stripes, in black and colors, on white grounds. All in coat style, with attached cuffs. Freshly unpacked for tomorrow's selling at \$1.15 each.

\$2 to \$3 Knitted Scarfs at \$1.05

Made in New York on English hand-looms, and highly characteristic and well-bred in appearance. Smart, cross or bias club stripes in two and three-color combinations, heather effects, various fancy stripes and some plain colors. About 1000 new Scarfs added to the collection for tomorrow's selling.

Achieved By Specializing— The Ideal Dresses for Young Girls in Spring and Summer Styles

A number of years ago the woman who was a specialty dressmaker for children was one of the most important personages in a community. And her charges were generally so high that only the children of wealth could enjoy her idealized styles.

Today it is quite different—we have a specialized Salon just for young girls of 6 to 14 years—also for girls who are not fully developed, and which are known as juniors. This apparel is designed with proper lines for girls of these ages—so that alterations are a rarity.

Styles are appropriate for their young years, whether the Dresses are for play, school or party wear. And they also conform to the latest ideas of fashion.

The Linen Dress at \$3.75, illustrated, is a gem of simplicity. But that's just what it should be for play and school wear. It is of fine French linen and its bandings are of an excellent quality open-work embroidery. Other models, \$4.50, \$6.75, \$7.50, \$9.75, to \$15. These include variations of the Russian jacket and tunic styles.

When Lingerie Dresses are for party wear they should be fanciful—just as a matter of distinction. But they should always be dainty, as is the Dress illustrated. This model is, indeed unique, as the top of each of its box plaits is an embroidered panel. \$22.50. Other models, \$3.75, \$4.75, \$6, \$7.50, \$9, \$10, \$12.50, \$15, \$25, and upward.

French hand-made Lingerie Dresses, \$5.75, \$8.50, \$15, \$25 to \$60.

Challis Dresses—white or blue with polka-dot or ring printings, \$7.50, \$8.75 and \$9.75.

School and Play Dresses of gingham, percale and lawn—pretty plaids, stripes and figured printings, \$1.50, \$2, \$2.25, \$2.50, \$3, \$3.75 to \$7.50.

Regulation Sailor Dresses of blue serge, \$5, \$7.50, \$9.75 and \$15.

Gimpes of fine white lawn and batiste—domestic, 65c, 75c, \$1, up to \$3.50; French hand-made, \$4.50 to \$15.

\$3.75 \$14.50 \$22.50

Sample Lingerie Dresses, \$4.75—Made to Sell for \$6 to \$12

These remarkable savings because the Dresses are only in 8-year size. But it certainly is good fortune for the little girls who wear this size.

Fine white lawns, daintily trimmed with fine laces and embroideries. A large assortment of styles.

Although our Apparel for Juniors is girlish, it possesses the modishness and good style of that for their elder sisters—modified.

The Demi-tailored Serge Dress, illustrated, is in white or navy blue, trimmed with silk, \$14.50.

Regulation Dresses of blue serge, \$7.50, \$10 and \$12.50.

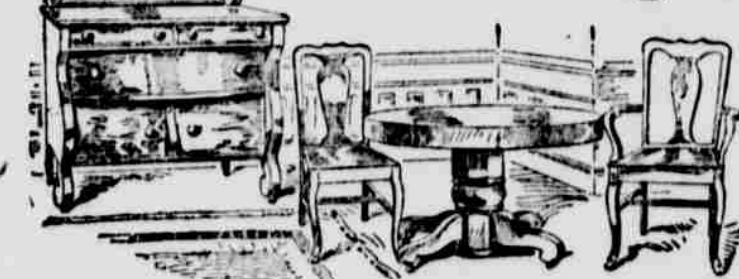

Lingerie Dresses, \$9.50, \$10, \$14.50, \$18.50 and upward.

Tailored Suits, \$15, \$18.50, \$25 and upward.

Junior Apparel is in 13, 15 and 17-year sizes.
